OUR GUARANTEES

- We select the best collaborative partners using manual handling rather than mechanical equipment
- We insure you traceability and security of your equipment
- Constantly seeking to optimize your supply chain and your costs

OUR EXPERTISE

- **White Glove moving:** special care for fragile and high-value furniture with **strick handling procedures**, recommended for each good which requires an extra care
- **Multimodal transport and overseas logistics solutions** allow you to connect your production sites and your distribution points quickly and effectively

- **Consolidating** of your single or multiple procurement flow: multi-country or multi-suppliers
- **Storage** maintained within controlled temperature constraints, cold packing.
- **Logistics services:** reception, cross-docking, (de) consolidation, warehousing, palletizing, container loading.

- **Re-conditioning your goods:** washing, ironing, slip-covering, repairs, and alteration to present items ready for sale at the destination.
- **IT solutions** PO/Vendor Management, to assist you in steering your flow and managing the different people involved in your supply chain.
- Provision of dashboards for perfect visibility and traceability of your supply chain.
- A reliable **quality control** to insure your supply chain: supplier factory audits, production monitoring, verification of goods before loading, laboratory tests, obtaining standards. Background task inspections on Bansard logistics platforms.
