

## CROSS-BORDER TRUCK

**“A reliable door-to-door container and specific cargo service from China to Europe”**

Faster than sea & rail freight with no capacity constraints even during peak seasons

### OUR EXPERTISE

#### LESS TRUCK LOAD (LTL)

Consolidation of your shipments.  
Several weekly departures. Optimized deliveries.

#### FULL TRUCK LOAD (FTL)

Departures possible every day,  
if booked 48 prior to collection.

#### REFRIGERATED TRANSPORT

Your goods are transported in  
controlled temperature condition.

#### HAZARDOUS GOODS TRANSPORT

Transportation of DG cargo and pharmaceutical  
products with no specific restrictions

#### OUT OF GAUGE (OOG)

Customized solution for your over-size goods.

#### CUSTOMS

Management of all documentary  
and regulatory aspects of your shipments.  
AEO certified.

→ UK	11 D

## DIFFERENT TRUCK SIZES

- Standard semi-trailer & Mega trailer

- Double-deck type semi-trailer

- Low-frame site

- Long semi-trailer

- Refrigerators semi-trailer

## STRENGTHS OF CROSS-BORDER TRUCK

- **More flexible schedule** compared to railway/Sea/Air, even during peak seasons.
- **Full distribution capacity** in China and Europe.
- **High security** with full GPS tracking capability & sealed container / truck at origin.
- **Reliable alternative** with half the transit time of the sea freight and lower cost than air freight.
- **Quick response times** thank to the footprint of Bansard International Group in Europe and in China
- **Faster customs clearance** than air and sea freight
- **No DG restrictions** such as batteries or goods containing batteries
