

# ROAD FREIGHT

INFOGRAPHIC BY BANSARD INTERNATIONAL

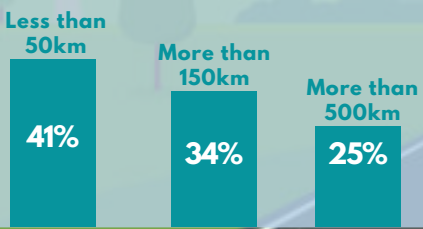

**43 BILLIONS €\***  
\*NET TURNOVER FOR ROAD FREIGHT IN 2019

**90% of foodstuffs**  
carried by trucks

## Carried Volume in distance

**89% of Global Freight**  
Activities

## Road Freight and Environment

### EUROPEAN REGULATION

The Euro 5 & 6 regulations on vehicles reduce the particles emission by 92% comparing to Euro 3 regulations.

### GREENER TRAILERS

New trailers are created, called intermodal trailers, reducing the use of containers and classic trailers. The P400 series is one them.

### FUEL REGULATION

The Natural Gas Vehicle and Bio NGV use for trucks fleet increased of +40 since 2019. The NGV reduce the particles emission by 92%
